Cut out markers along the crosses and lines leaving the white margin around the marker code.
ID: 382

Print with matte paper and matte ink to avoid reflections. Inkjet and pigment printers are recommended over laser printers.

Print at a scale of 100%, 'actual size', with no additional sizing optimizations (not fit to page etc.).

Confirm that your print is accurate by laying a ruler against the guides on this page.

Cut out markers along the crosses and lines leaving the white margin around the marker code.
Print with matte paper and matte ink to avoid reflections. Inkjet and pigment printers are recommended over laser printers.
Print at a scale of 100%, 'actual size', with no additional sizing optimizations (not fit to page etc.).
Confirm that your print is accurate by laying a ruler against the guides on this page.
Cut out markers along the crosses and lines leaving the white margin around the marker code.
ID: 384

Print with matte paper and matte ink to avoid reflections. Inkjet and pigment printers are recommended over laser printers.

Print at a scale of 100%, 'actual size', with no additional sizing optimizations (not fit to page etc.).

Confirm that your print is accurate by laying a ruler against the guides on this page.

Cut out markers along the crosses and lines leaving the white margin around the marker code.
ID: 385

Print with matte paper and matte ink to avoid reflections. Inkjet and pigment printers are recommended over laser printers. Print at a scale of 100%, ‘actual size’, with no additional sizing optimizations (not fit to page etc.). Confirm that your print is accurate by laying a ruler against the guides on this page. Cut out markers along the crosses and lines leaving the white margin around the marker code.
ID: 386

Print with matte paper and matte ink to avoid reflections. Inkjet and pigment printers are recommended over laser printers.

Print at a scale of 100%, 'actual size', with no additional sizing optimizations (not fit to page etc.).

Confirm that your print is accurate by laying a ruler against the guides on this page.

Cut out markers along the crosses and lines leaving the white margin around the marker code.
ID: 387

Print with matte paper and matte ink to avoid reflections. Inkjet and pigment printers are recommended over laser printers.

Print at a scale of 100%, 'actual size', with no additional sizing optimizations (not fit to page etc.).

Confirm that your print is accurate by laying a ruler against the guides on this page.

Cut out markers along the crosses and lines leaving the white margin around the marker code.
ID: 388

Print with matte paper and matte ink to avoid reflections. Inkjet and pigment printers are recommended over laser printers.

Print at a scale of 100%, 'actual size', with no additional sizing optimizations (not fit to page etc.).

Confirm that your print is accurate by laying a ruler against the guides on this page.

Cut out markers along the crosses and lines leaving the white margin around the marker code.
Print with matte paper and matte ink to avoid reflections. Inkjet and pigment printers are recommended over laser printers.

Print at a scale of 100%, 'actual size', with no additional sizing optimizations (not fit to page etc.).

Confirm that your print is accurate by laying a ruler against the guides on this page.

Cut out markers along the crosses and lines leaving the white margin around the marker code.
ID: 390

Print with matte paper and matte ink to avoid reflections. Inkjet and pigment printers are recommended over laser printers.

Print at a scale of 100%, 'actual size', with no additional sizing optimizations (not fit to page etc.).

Confirm that your print is accurate by laying a ruler against the guides on this page.

Cut out markers along the crosses and lines leaving the white margin around the marker code.
Varjo Markers

ID: 391

Print with matte paper and matte ink to avoid reflections. Inkjet and pigment printers are recommended over laser printers.
Print at a scale of 100%, 'actual size', with no additional sizing optimizations (not fit to page etc.).
Confirm that your print is accurate by laying a ruler against the guides on this page.
Cut out markers along the crosses and lines leaving the white margin around the marker code.
ID: 392

Print with matte paper and matte ink to avoid reflections. Inkjet and pigment printers are recommended over laser printers.

Print at a scale of 100%, 'actual size', with no additional sizing optimizations (not fit to page etc.).

Confirm that your print is accurate by laying a ruler against the guides on this page.

Cut out markers along the crosses and lines leaving the white margin around the marker code.
ID: 393

Print with matte paper and matte ink to avoid reflections. Inkjet and pigment printers are recommended over laser printers.
Print at a scale of 100%, 'actual size', with no additional sizing optimizations (not fit to page etc.).
Confirm that your print is accurate by laying a ruler against the guides on this page.
Cut out markers along the crosses and lines leaving the white margin around the marker code.
Varjo Markers

ID: 394

Print with matte paper and matte ink to avoid reflections. Inkjet and pigment printers are recommended over laser printers.

Print at a scale of 100%, 'actual size', with no additional sizing optimizations (not fit to page etc.).

Confirm that your print is accurate by laying a ruler against the guides on this page.

Cut out markers along the crosses and lines leaving the white margin around the marker code.
Print with matte paper and matte ink to avoid reflections. Inkjet and pigment printers are recommended over laser printers.

Print at a scale of 100%, 'actual size', with no additional sizing optimizations (not fit to page etc.).
